

ABOUT NIECEY

Romance author Niecey Roy lives in Nebraska with her family. In the summertime, you will find her on a sandbar in the Loup River, dancing before a bonfire under the stars, singing loudly, laughing freely, and always barefoot. She's a dreamer and a gypsy soul, and isn't ashamed that she wears her heart on her sleeve.

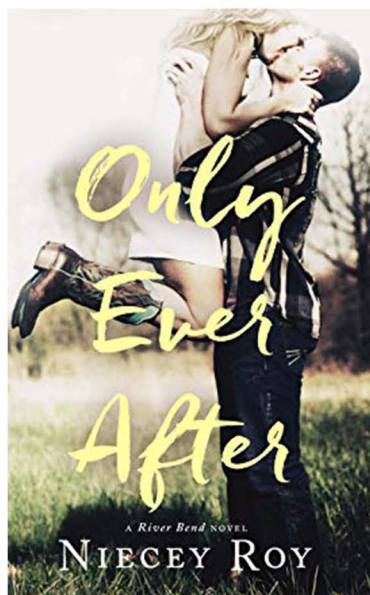

She wrote her first story in the third grade as a class assignment, a murder mystery which the teacher read aloud in class, stoking her fire to become a published writer. From there, she went on to pen poetry and stories about love and paranormal adventures. Her happiness is to forever write about breathless first kisses and sometimes, when it works, happily-ever-afters.

ONLY EVER AFTER

Hillary Dubas has everything she's ever wanted. A family who loves her, friends who are always there for her, and a successful bakery she's poured her heart and soul into. The one thing missing is love. Finding her Ever After in her hometown is not so easy, though. In fact, it's really more of a nightmare. Especially when the only kissing she's doing is with a man who's all wrong for her. She knows better than to get too close to a playboy like Trey... Doesn't she? When Trey Thompson returned to his hometown to visit his ill grandpa, he never thought he'd stay more than a few weeks. Now here he is, nearly two years later. Still in River Bend. And Hillary—aggravating, exasperating, breathtaking Hillary—is running around town, recklessly dating anything with two feet. Not that he cares. He's always considered her off limits. So why can't he keep his hands off her?
