

## ABOUT NIECEY

Romance author Niecey Roy lives in Nebraska with her family. In the summertime, you will find her on a sandbar in the Loup River, dancing before a bonfire under the stars, singing loudly, laughing freely, and always barefoot. She's a dreamer and a gypsy soul, and isn't ashamed that she wears her heart on her sleeve.

She wrote her first story in the third grade as a class assignment, a murder mystery which the teacher read aloud in class, stoking her fire to become a published writer. From there, she went on to pen poetry and stories about love and paranormal adventures. Her happiness is to forever write about breathless first kisses and sometimes, when it works, happily-ever-afters.

## NIECEY'S NEWEST BOOK RELEASE

I'm broken. Okay, not actually. But even though I'm new at this witch stuff, I'm pretty sure things aren't supposed to randomly burst into flames around me. It's really starting to cramp my style. To make matters worse, I accidentally put my date in a magical coma. And somehow—a rookie mistake—I yanked Daniel's soul from his body. As a witch, I totally suck. The bad news: time is running out to return Daniel's soul or he'll haunt me forever. The good news: Baba Yaga told me how to fix this mess. Hard to do, though, when my magic is going haywire and there's a super sexy badass hunter who won't let me out of his sight. Did I mention there's a demon out there trying to kill me? I swear, this witch can't catch a break!

## PRAISE FOR THE MISFORTUNE OF DATING A WITCH (MAGIC AND MAYHEM UNIVERSE)

This is a quick, fun read that I blazed through while doing a fair amount of cackling. ~AMAZON REVIEWER

I really enjoyed reading it. It was quick to read and easy to get lost in the characters. ~AMAZON REVIEWER

I loved every word of it and found myself laughing out loud several times. I'm hoping Niecey writes more adventures for these characters. ~GOODREADS REVIEWER
